This item was originally heard by the Commission on September 23, 2010 and subsequently continued to the October 7, and October 21, 2010 meeting dates. The applicant is requesting approval for the installation of a wireless communication facility consisting of 6 antennas, 3 radome canister antenna screens, and associated equipment on the roof of an existing building. The installation of the proposed antennas would be at a height of 41' above grade (the existing building height is 36' above grade). In addition, the Commission is also requested to accept the Categorical Exemption proposed for the project pursuant to Section 15303 (Class 3) of the State Guidelines for the Implementation of the California Environmental Quality Act (CEQA) of 1970, for construction and location of limited numbers of new, small facilities or structures; installation of small new equipment and facilities in small structures; where only minor modifications are made to the exterior of the structure. Assessor's Parcel Number 127-050-068.

The applicant is requesting approval from the Architectural Review Commission (ARC) for three proposed new single family residences (lot coverage, 26.6%, 26.5%, 24.3%) in a recently approved four-lot minor subdivision. The three new homes will be 3,374, 3,434, and 3,956 square feet. In addition, an existing 3,605 square foot (per survey) (20.4% lot coverage) single story residence will remain. Lastly, the Commission is also requested to accept the Categorical Exemption proposed for the project pursuant to Section 15303 (Class 3) of the State Guidelines for the Implementation of the California Environmental Quality Act (CEQA) of 1970, because the project consists of construction and location of limited number of new small structures, in this case three single family residences in an urbanized area. Assessor's Parcel Numbers 166-070-048, 166-060-045, and 166-050-007.
